

MUST BE A CRANK

Byron F. Lockwood Sues Masons and Odd Fellows,

ASKING \$50,000 AS DAMAGES

He Has an Idea That These Orders Are Conspiring to Injure His Business and Demand Reparation.

Byron F. Lockwood of Jackson sent a declaration to County Clerk Harvey by express yesterday containing forty closely written pages of legalism. It was filed with the clerk as the beginning of a suit in the circuit court against Grand River lodge, F. & A. M., and all masonic lodges in the world, and also against Portland lodge of Odd Fellows and all lodges of that order, to recover damages placed at \$50,000. Mr. Lockwood has an idea that these secret societies are conspiring to injure his business, as a few years ago he made application for admission into the orders and was rejected. He began a suit two years ago against the First National bank of Marshall and the same secret organizations filing a similar declaration, but before it came to trial he was taken into the probate court for examination as to his sanity. He was discharged by Judge Perkins, however, on condition that he withdraw the suit which he had begun against the bank. Mr. Lockwood was formerly a resident of this city and engaged in the practice of the law and sending money for capitalists. He had loaned money for the Marshall bank and was unsuccessful in a few of his investments, which was the cause of his trouble with that corporation. He claimed the bank was using its influence to injure his credit and reputation.

Claims There Was Fraud.
Arguments were made in the circuit court yesterday in the case of Herman Hennesberger against Elias Matter and it will be given to the jury this morning. The suit was brought to collect \$100,000, the amount of a promissory note held by the plaintiff. The note was given by Mr. Matter in payment for stock in the automobile car company, but he claims the stock was sold to him by misrepresentation and refuses to pay it. The note was subsequently purchased by the plaintiff.

Mandamus for Judge Burlingame.
City Attorney Taylor returned from Lansing yesterday where he went to attend the supreme court in the case of the City vs. the Grandville Plank Road company. The court issued a mandamus commanding Judge Burlingame to show cause why he did not proceed with the condemnation proceedings begun in his court against the Plank Road company. The suit is a friendly suit to test the validity of the gravel road laws. It will come up for final hearing next week.

For a Borrowed Overcoat.
Benjamin S. Whitman borrowed an overcoat some time ago from Edward J. Lynch. Lynch claimed he did not return it, and brought suit in a plea of trover in Justice DeWolf's court to recover its value. Whitman was positive that he returned the borrowed garment and fought the suit. A jury decided that Whitman should pay the complainant the suit of \$300 and the costs of the court. Whitman will appeal the case to the circuit court.

Suit Against Henry B. Grady.
P. J. Hennesey, doing business in Chicago under the first name of Henry H. Shufeldt & Co., began a suit in the circuit court yesterday against Henry B. Grady to recover the sum of \$300 claimed to be due on an account. Arthur R. Rood is the plaintiff's attorney.

Court Notes.
Under Sheriff Walsh took a team belonging to Amelia Lillibridge on a suit of attachment and a return suit was begun in the circuit court to regain possession of it. The jury gave the plaintiff a verdict for \$6 and costs yesterday.

Albert Walker, charged with breaking and entering a freight car, was convicted of the charge in the superior court yesterday. He, with some companions, entered a freight car and slept there.

Magnus Officer filed a bill of complaint with the clerk of the circuit court charging her husband, Albert Officer, with failure to support her and asking for a decree of divorce.

The case of Henry Joseph Richter vs. Frederick W. Cordes et al. will be on call this morning before Circuit Court Commissioner Hughes.

Police Court Notes.
George W. Cooke was arraigned in police court yesterday on a charge of embezzlement. He waived the reading of the complaint and demanded an examination, which was set for this morning at 9 o'clock.

The second trial of Howard Raven-croft and Lawrence Pangborn, the boys arrested for being disorderly on Spring street, was adjourned yesterday until October 17.

The examination of Ray Dietrich on a charge of burglary and larceny was adjourned until this afternoon.

Prescriptions and How to Use Them.

Under the above title the Dominion Publishing company of Chicago has brought out a work which will be received as a boon throughout the country. It is a Family Medical Guide, in three volumes, but by reason of the novel features introduced into its construction, it can scarcely be classed with any of the numerous works upon the same subject now upon the market, and is a new departure in books of this description. The most novel feature in connection with this work is the detachable prescriptions, which constitute the third volume. Volume I consists of a very simple but cleverly written treatise on the anatomy of the human body, with numerous wood cuts as an aid to a clear understanding of the text; also a complete guide to the diagnosis and treatment of every known disease to which we are liable, excepting those which may be considered of a private nature. Volume II contains a complete guide to all private diseases, and is more particularly adapted to the requirements of women. Volume III is a reproduction of every prescription contained in the first two volumes, each one of which is printed in quadruplicate, and so arranged that one of the copies can be detached and taken to the drug store whenever it is required to have the prescription made up. This certainly adds greatly to the value of the work for the purpose for which it is intended—namely, for family use. The language used is so plain and simple that any one who can read can understand it. As to the authorship of the work, there certainly appears to be nothing left to be desired. The physiological portion is from the pen of Prof. Geo. Henckel, the celebrated physiologist; while the strictly medical portion is the work of Dr. Orville J. Perkins, graduate of the Bellevue Hospital Medical College, New York, and of the Medical Association of the State of Alabama; Licentiate of the Board of Medical Examiners, State of Illinois, and member of the College of Physicians and Surgeons, Toronto, Canada. "Prescriptions and How to Use Them" is, we understand, sold only by subscription, and should surely find a place in every home. The publishers' advertisement will be found in another column.

Mothers and Daughters.
Over twelve years I was afflicted with a very serious female difficulty and for the last sixteen months was under treatment of three of the very best physicians that money could employ. Under their skillful treatment I gradually grew worse, until they decided they could render me no permanent help. One of my friends persuaded me to try a bottle of Dullum's Great German Uterine Tonic, and after taking three bottles, I can say I am in better health than I have been for twenty years, and am now 60 years old, but feel as young as at 39.

They Are Using Dr. Edison's Obesity Pills and Bands.

NO DIETING—NO PURGING

It has been abundantly proved that the use of his non-electric bands, or his obesity pills, or both, for which the agents of this country are the well-known firm of Loring & Co., Washington street, Chicago, opposite Marshall Field & Co.'s store, is the one safe and effective way of reducing corpulence. The Obesity Pills are made from the waters of the German Imperial Springs, government ownership. The bands or pills are used separately, and make a rapid and healthy cure. Or, if used together, they reach each other in action and obtain better results.

CURED HIS RHEUMATISM AND OBESITY
Atkinson's Hotel, Chicago, April 20, 1892.—Gentlemen—Please send one 35c obesity pill to Mrs. W. L. Carroll, 261 Chestnut street, Philadelphia, Pa. I like your obesity pills and pills very much. They have reduced my weight eighteen pounds in the last five weeks. The obesity pills have driven away all rheumatic trouble.

WILLIAM H. DEXTER.

HOW TO GET THE PROPER MEASUREMENT
Measurement for band is the largest part of the abdomen. The number 1, 2, 3 on the band indicate where measurement should be taken.

The bands cost \$2.50 each, and the pills may be bought for \$1.50 a bottle, or three bottles for \$4.50 enough for one treatment.

SOLD BY DRUGGISTS.
You can buy the pills and bands direct from our stores or by mail or express.

That Jackson St. Sewer

The Honorable Council Decides the Assessment Should Be According to the Amount of Front Feet Owned by Each Property Holder.

"Yes," said Mr. Pantur, "we got a reduction on the sewer assessment. They had me assessed the same amount as those who owned more frontage than I did, so I remonstrated. I am feeling good ever that, of course, but not half as good as I do over being cured of catarrh. You see I had been working for

twelve years over saws and sand paper, and I got my nose so irritated it set up a chronic catarrh. I am now working at Ocker & Ford's and in the winter time I get all the draughts and that aggravated my case until I got to sneezing constantly. It was sneeze, sneeze, sneeze, until life became unbearable. I was constantly seeking for relief, but never got it. I was told that if anyone could cure my catarrh, Dr. Rankin was the man. I went to see him and was so pleased with his treatment that I put myself under his care, and I am now cured. I know of many others who have been benefited by him, too, and I should strongly advise anyone who has any catarrh trouble to go to Dr. Rankin."

Dr. Rankin will take catarrh cases at \$5.00 per month, but where the case is complicated the fees are graded according to the amount of treatment and medicines necessary for the cure of the disease, but they are low and in the reach of everyone.

A NOTABLE BENEVOLENT OFFER.
Anyone doubting the reputation of the Montague Treatment could have received convincing evidence to the contrary if he could have seen the number of unfortunates who thronged the offices on Monday afternoon to take advantage of Dr. Rankin's offer to treat FREE all catarrhal sufferers who were positively unable to pay the regular fees, between the hours of 5 p. m. to 6 p. m. on Mondays, Wednesdays and Fridays.
